SUMMARY

A Computer Science Student eager to learn and develop in the field of technology. Capable of working with various technologies and software. A highly motivated individual who is always willing to strive in order to gain knowledge. I have completed multiple online courses that helped me in learning the following technologies: JavaScript, NodeJS, ReactJS, MySQL, Git and Next JS. An excellent problem solver, good with finding creative solutions for challenging problems, love to work in a team of developers that are goal oriented and motivated. Currently working on sharpening my skills in ReactJS.
